Monday 1st February 2021

Dear Tim,

My apologies that this response has taken so long to get to you.

I would be very pleased and proud to have Alan Keef Ltd formally support the Downs Light Railway Trust, in general, and your Centenary Development Programme in particular. I have huge admiration for what you and the Trust are doing – it is a different world from the time of my 'hands on' involvement with James! Anything that enthuses youngsters to get involved in engineering and technology generally, and railways big or small specifically, should be encouraged!

I have attached the artwork for our Company name and logo, which you are welcome to use on your website and paperwork as you feel appropriate.

Good luck with all you are doing, especially in these challenging times. Let us hope that things get easier over 2021, and that we might be able to meet up at some point. You would be most welcome here if you are ever passing.

Yours sincerely

Patrick Keef
Managing Director
